

Student Study Aids

Many students come into a campus bookshop looking for more than just their textbooks – they are looking for help in the preparation of their research papers and assignments.

Interactive Approach to Writing Essays and Research Reports in Psychology (ISBN: 0 470800690; RRP \$31.95) helps undergraduate psychology students master the conventions of essay and report writing in psychology as defined by the American Psychological Association Guide 5th Edition. The accompanying CD-ROM offers a user-friendly approach to learning APA style, allowing students to check their own referencing before submitting assignments. Lecturers and students alike will love this innovative new product.

Communication Skills Handbook Revised and Updated (ISBN: 0 47080; RRP \$22.95) is 100 page 'how to survive university' guide. It covers such essential topics as referencing, report writing, essay writing, oral presentations and exam techniques.

Communication Skills Handbook for Accounting (ISBN: 0470805374; RRP \$22.95) is an accounting version of the Summers/ Communication Skills Handbook. It covers the same material; only the referencing sections have been changed to be more relevant to the needs of accounting students.

The Style Manual 6th edition (ISBN: 0 701636483; RRP \$44.95) provides guidance for anyone faced with the task of preparing material for publication: from publication manager and authors to designers, editors, screen-based publishers, indexers and printers. This edition represents a major revision, in response to the rapid changes that have been occurring in publishing since the 5th edition was produced in 1994.

SI Chemical Data 5th edition (ISBN: 0 470800445; RRP \$32.95) is a widely used reference guide for all students of chemistry, and is particular use for first year students.

Experimental Methods (ISBN: 0 471335979; RRP \$32.95) is an excellent resource for physical science students who must write up their research papers according to strict guidelines. This book tells them how to do just that.

Questionnaire Design and Administration (ISBN: 0 471342920; RRP \$26.95) provides guidance to students who must prepare and conduct a questionnaire as part of their research. It will suit students in marketing, psychology, management and education.

SPSS: Analysis Without Anguish Version 12 (ISBN 0 470807369; RRP \$42.95) has long been recognised as the most accessible training manual for the SPSS stats package.

Assignment and Thesis Writing 4th edition (ISBN: 0 471421812; RRP: \$27.95) has been a widely used reference by Australian university students from across all discipline areas.

Pocket Guide to the AP (ISBN 0618308202; RRP \$18.95) is a concise APA reference manual.

Molecular Model Kit (ISBN 0471362719; RRP \$24.95) This Darling Models kit is ideal for any chemistry student from 1st year through to 3rd.
